**Advisory Action** 

Art Unit 1642

Continuation of 2. NOTE: The amendment filed 1/21/2004 introduces claim limitations of which have not been searched or considerred. Applicant amends claims to include amino acid sequence which were not orriginally prsented in the claims before the issuance of the final office action. Furthermore, applicant newly adds claim 8 which includes specific sequence identification numbers of which have not been searched. In addition, applicant has introduced new matter into the claims by reciting "amino aicd sequence encoded thereby", of which has no literal support in the specification.

Continuation of 5. does NOT place the application in condition for allowance because: the applicant's arguments are not deemed persuasive to overcome the 102 (e) rejection of record. Bandman et al disclosure may be used whether or not it provides an enabling support. Bandman et al clearly disclose the use of the claimed sequences in a method of detecting in a cellular prolifertive disorder such as cancer..
